

Guide To Certificate Requirements

You can present your students with the opportunity to earn a Year 10 General or Academic Certificate and a Year 12 General or Academic Certificate. The **Certificate Requirements** sheets outline which subjects (required and optional) are necessary for certificate achievement.

PACE 1085 is the commencement of certificate requirements. A series of 12 completed PACEs constitutes one credit toward graduation. Each certificate requires a specific number of credits. It will take between 2 and 3 years to meet the Year 10 requirements, and a further 2 years to complete Year 12 requirements, depending upon the student's ability and workload.

Year 10 Considerations (Students in years 8, 9 and 10)

When a student commences PACE 1085 in Maths or English, it is necessary to consider expanding from the 5 core subjects (Maths, English, Social Studies, Science, Word Building), and Literature, to include Bible and Elective courses. It would be wise to have the student commence either New Testament Survey or Typing at this point.

Maths - Students considering tertiary entrance (certain TAFE courses or University) should choose a course of study which majors in maths. This is because they will sit for the Scholastic Aptitude Test (SAT), 33% of which is a maths test. We recommend that such students choose Algebra I followed by a combination of Geometry and Algebra II. See notes on the Year 12 certificate requirements.

Business Maths is helpful for those who wish to delay Algebra I until they are more mature. It is also a helpful subject for students entering the workforce after graduation.

General Business is a subject which is mainly a reading subject. There are no mathematical calculations required of the student in this subject. It is a useful overview of business principles, and may be chosen in the elective category for a year 10 certificate.

Students with low mathematical aptitude can gain a year 10 **General** Certificate by choosing Maths Overview followed by Business Maths or General Business.

Social Studies - Complete World Geography or World History, then complete Australian History.

Core Subjects - For a Year 10 **Academic** Certificate, students are required to complete 2 courses in each core subject, plus an additional course in two of the following:

Maths, English, Social Studies, Science

For example, a student considering a future in maths/science/technical areas would be advised to complete extra Maths and Science courses. Students considering the humanities field may choose English and Social Studies as extra credits. Algebra I is compulsory for a Year 10 Academic Certificate.

Year 12 Considerations (Students in years 11 and 12)

Maths - The single maths credit required is a minimum. We recommend that extra maths courses be taken by students anticipating further study at the tertiary level. They ought to choose advanced mathematical subjects for the following reasons:

1. Tertiary prerequisite knowledge. Some university courses assume that a student has prior learning in that subject area before commencing the course.
2. SAT. One third of the SAT is a maths test. It is used to determine whether a student is able to achieve at a tertiary institution or not.

English - English 1121 - 1132 is American Literature.
English 1133 - 1144 is British Literature.

Students who anticipate humanities studies at tertiary level may wish to include one of these choices as their English course and the other as an elective.

Social Studies - Please refer to the Scope and Sequence for a description of each course. Some are explained in the High School Electives and some are in the College Electives section of the Basic Edition Scope and Sequence.

Science - Students anticipating technical studies at the tertiary level should choose Chemistry and Physics.

General Considerations

It is important that your student does not just meet the minimum certificate requirements but aspires to gaining maximum preparation for his/her life's calling.

Choose the more academic subjects which will provide more options for your student upon graduation. However, if your student has difficulties, contact an ACA academic advisor for further advice.

Please do not underestimate the student's ability or the education you are providing. Bring your child to his/her potential. Home-educated graduates have in the past shown themselves to be successful in the tertiary, business and industrial spheres. Your child can succeed in God's chosen plan for him.

TOTAL CREDITS _____

15 Credits A TOTAL OF 15 CREDITS ARE REQUIRED FOR THE A.C.E. YEAR 10 GENERAL CERTIFICATE.

NOTES

1. These requirements assume a base achievement of PACE 1084. No PACE work below PACE 1084 will be accepted for credit towards the A.C.E. Year 10 General Certificate.
2. All required subjects are listed in **Bold Type**.
3. 12 PACEs equal one credit except for A.C.E. College PACEs where 10 PACE's equal one credit.
4. Substitutions of other courses and credit for course completed, i.e. TAFE Courses and courses under local supervision will be considered. Ask S.C.E.E. or your school for details, before commencing the course.
5. Students who, at the point of commencing a course, chose to complete a subject which is no longer available can still claim a credit for that course, (eg. Spelling was 97-102 now replaced by Etymology 1097-1108).
6. See College section of the Basic Education Curriculum Catalogue Scope & Sequence of your Product Catalogue.
7. 2 Credits maximum in non-ACE Music.
8. Australian History 1085A – 1092A will be phased out and replaced with the Australian History 1-12. The old PACEs are still available but we recommend that students who have not commenced the old course begin the new course.

TOTAL CREDITS _____

17 Credits A TOTAL OF 17 CREDITS ARE REQUIRED FOR THE A.C.E. YEAR 10 ACADEMIC CERTIFICATE.

NOTES

1. These requirements assume a basic achievement of PACE 1084. No PACE work below PACE 1084 will be accepted for credit towards the A.C.E. Year 10 Academic Certificate.
2. All required subjects are listed in **Bold Type**.
3. 12 PACEs equal one credit except for A.C.E. College PACEs where 10 PACEs equal one credit.
4. Substitution of courses and credit for other courses completed, i.e. TAFE Course and courses under local supervision, will be considered. Ask S.C.E.E. or your school for details, before commencing the course.
5. Students who, at the point of commencing a course, chose to complete a subject which is no longer available can still claim a credit for that course, (eg. Spelling was 97-102 now replaced by Etymology 1097-1108).
6. See College section of the Basic Education Curriculum Catalogue Scope & Sequence of your Product Catalogue.
7. 2 Credits maximum in non-ACE Music.
8. Australian History 1085A – 1092A will be phased out and replaced with the Australian History 1-12. The old PACEs are still available but we recommend that students who **have not commenced** the old course begin the new course.
9. Students who wish to complete the Senior Maths course are advised to complete the following PACEs as preparation **after** completing Algebra I(1097-1108): Geometry – 1109-1114; 1117-1119 & Algebra II – 1126, 1129, 1130. This course earns one credit titled “Senior Maths Prep.”

**A.C.E. YEAR 12 GENERAL CERTIFICATE REQUIREMENTS
(Pre-requisite - Year 10 Certificate)**

NAME DATE

Students will need to complete a minimum of 12 credits. At least 6 credits need to be chosen from Part A. The number of credits in each subject is noted next to the subject name. Students must complete sufficient credits from Part B to give them a minimum of at least 12 overall. Keyboard skills is required unless it has been credited on a previous certificate.

Courses already accredited to a previous certificate cannot be included on this one.

Part A - Complete at least 6 credits

SUBJECTS		COMPLETED	TO BE COMPLETED	GRADE %
<u>MATHS</u>	1 credit required			
	-Algebra I (1097-1108)	(1)
	-Business Maths (109-120)	(1)

Total Credits Part B

12 Credits 12 CREDITS ARE REQUIRED FOR THE ACE YEAR 12 GENERAL CERTIFICATE.

Notes

1. These requirements assume a base achievement of PACE 1084. No PACE work below PACE 1084 will be accepted for credit towards the A.C.E. Year 12 General Certificate, (except those in Maths Review - see note 5).
2. Substitutions of other courses and credit for course completed, ie TAFE courses and locally supervised courses will be considered. Ask your school or home education service provider to apply to SCEE for permission, **before** commencing the course.
3. See the Senior Secondary Scope and Sequence for courses numbered 1-10 or 11-20.
4. Any compilation of 12 Maths PACEs above 1096 e.g. Algebra I 1097, 1098, 1099, 1100, Geometry 1109, 1110, 1118, Algebra II 1121 etc.
5. Any compilation of 12 PACEs below 1097 to remediate a student's numeracy skills e.g. fractions, decimals, percentages etc., which is approved by the SCEE Academic Review Committee **prior** to commencement.
6. A bridging course of gap PACEs may be necessary prior to commencing certain credits in this certificate.
7. A minimum of eight credits must be ACE courses.
8. SAT 1 Maths Preparation – for students who **do not** wish to study the Senior Maths Course, but would like to prepare for the SAT 1 Test. Geometry – 1109, 1110, 1113, 1114, 1116, 1117, 1120; and Algebra II – 1122, 1123, 1125, 1128, 1130. This course earns one credit titled “SAT 1 Maths Preparation”
9. Students who wish to complete the Senior Maths course are advised to complete the following PACEs as preparation **after** completing Algebra I (1097-1108): Geometry – 1109-1114; 1117-1119 & Algebra II – 1126, 1129, 1130. This course earns one credit titled “Senior Maths Prep.” Geometry – 1109-1114; 1117-1119 & Algebra II – 1126, 1129, 1130. This course earns one credit titled “Senior Maths Prep.”
10. Snr Maths I & II are one course, designed to prepare students for entrance into Science, Maths and Engineering degree courses.

**A.C.E. YEAR 12 ACADEMIC REQUIREMENTS
(Pre-requisite - Year 10 Certificate)**

NAME DATE

Students will need to complete a minimum of 12 credits. At least 8 credits need to be chosen from Part A, 5 of which must be those marked with an *. The asterisks designate a higher degree of academic rigour, not a recommendation. The number of credits in each subject is noted next to the subject name.

Students must complete sufficient credits from Part B to give them a minimum of 12 credits overall. Keyboard skills is required unless it has been credited on a previous certificate. Courses already accredited to a previous certificate cannot be included on this one.

Complete at least 8 Credits from Part A
